

TCT RUSSIA 2021 - XXIII MOSCOW'S INTERNATIONAL CONGRESS ON ENDOVASCULAR SURGERY

Monday, November 22

CONGENITAL AND ACQUIRED HEART DISEASE INTERVENTIONS

8:30–10:30 Session I: Congenital and Acquired Heart and Vascular Interventions

CRYSTAL HALL

Chairmen: Ziyad Hijazi, Bagrat Alekryan

Discussants: Mario Carminati (Italy), Eustaquio Onorato (Italy), Manolis Pursanov, John Coulson (USA), Natalia Borisova, Ashot Grigoryan, Jessica Heibel (USA), Mikhail Abramyan, Gulam Dadabaev, Alexey Ivanov, Ruben Movsesyan, Aidar Khamidullin, Sergey Piskunov

8:30	Live Case of Congenital heart disease <i>(FSBI Meshalkin Novosibirsk Research Institute of Circulation Pathology MoH)</i>
8:45	Transcatheter pulmonary valve implantation Ziyad Hijazi (Qatar)
8:57	Moderated Discussion
9:00	Pulmonary artery stenting Mario Carminati (Italy)
9:12	Moderated Discussion
9:15	Stenting in Aortic Coarctation and Recoarctation Bagrat Alekryan (Russia)
9:27	Moderated Discussion

9:30	Transcatheter Electrosurgery for Transseptal Puncture in Infants: A Case Series Jessica Heibel (USA)
9:42	Moderated Discussion
9:45	Lessons of transcatheter closure of paravalvular fistulas Eustaquio Onorato (Italy)
9:57	Moderated Discussion
10:00	Case Presentation Manolis Pursanov (Russia)
10:07	Moderated Discussion
10:10	Case Presentation Natalia Borisova (Russia)
10:17	Moderated Discussion
10:20	Case Presentation Ashot Grigoryan (Russia)
10:27	Moderated Discussion

10:30–11:55 Session II: Transcatheter Closure of Open Oval Window and Left Ventricular Auricle. Heart Failure Treatment

CRYSTAL HALL

Chairmen: Amiran Revishvili, Horst Sievert

Discussants: Eustaquio Onorato (Italy), David Hildick-Smith (United Kingdom), Evgeny Merkulov, Roman Tarasov, Alexey Protopopov, Osman Makhachev, Murat Dadabaev (Kyrgyzstan), Mirjamal Zufarov (Uzbekistan), Karapet Davtyan, Dmitriy Stolyarov

10:30	Management of Patients with PFO: Data-Based Indications and Device Selection Eustaquio Onorato (Italy)
-------	--

10:42	Moderated Discussion
10:45	Management of Patients with PFO: Technical Considerations and Challenging Anatomies D David Hildick-Smith (United Kingdom)
10:57	Moderated Discussion
11:00	Transcatheter LAA closure Horst Sievert (Germany)
11:12	Moderated Discussion
11:15	LAA endocardial and epicardial occlusion Amiran Revishvili (Russia)
11:27	Moderated Discussion
11:30	HF treatment instrumentation Horst Sievert (Germany)
11:42	Moderated Discussion
11:45	Case Presentation Evgeny Merkulov (Russia)
11:52	Moderated Discussion

11:55-13:00 Session III: Endovascular Treatment of Abdominal Aorta Aneurysm

CRYSTAL HALL

Chairmen: Zaza Kavteladze, Eduard Charchyan

Discussants: Roberto Pacchioni (Italy), Marat Sharafutdinov, Mikhail Generalov, Mikhail Cherniavskiy, Narek Zakarian, Roman Polyakov

11:55	Live Case of AAA Endoprosthesis Replacement <i>(Almazov National Medical Research Centre, Saint Petersburg)</i>
12:10	Optimal Endovascular AAA Treatment Nowadays

Roberto Pacchioni (Italy)

12:22 Moderated Discussion

12:25 Ultimate Endovascular AAA Treatment In a Decade

Zaza Kavteladze (Russia)

12:37 Moderated Discussion

12:40 Case Presentation

Marat Sharafutdinov (Russia)

12:47 Moderated Discussion

12:50 Case Presentation

Mikhail Generalov (Russia)

12:57 Moderated Discussion

13:00–13:30 Lunch Symposium supported by Abbott. Complex PCI – why the stent choice matters?

CRYSTAL HALL

Chairman: Zaurbek Shugushev

13:00 Xience Sierra - clinical and technical performance as never seen

Salvatore Brugaletta (Spain)

13:15 Clinical case

Salvatore Brugaletta (Spain)

13:25 Discussion

13:30–14:00 Lunch Symposium supported by Medtronic. New technologies for complex PCI outcomes optimization

CRYSTAL HALL

Chairmen: Sergey Semitko, Vladimir Ganyukov, Anatoly Larionov

- 13:30 Obvious and incredible possibilities of the Guide Extension Catheter (in pictures and diagrams)
Sergey Semitko (Russia)
- 13:38 Presentation of clinical case
Vladimir Ganyukov (Russia)
- 13:44 Presentation of clinical case
Anatoly Larionov (Russia)
- 13:50 Discussion

14:00-15:05 Session IV: Endovascular Treatment of Thoracic Aorta Aneurysm

CRYSTAL HALL

Chairmen: Yuri Belov, Sergey Abugov

Discussants: Alexey Protopopov, Mikhail Cherniavskiy, Vakhtang Kipiani (Georgia), Dmitriy Gaponov, Roman Polyakov, Sergey Chernishev

- 14:00 **Live Case of TAA Endoprosthesis Replacement**
(Russian State Surgery Center named after Acad. B.V. Petrovskiy, Moscow)
- 14:20 Endovascular Surgery of Descending Aorta Aneurysms
Sergey Abugov (Russia)
- 14:32 Moderated Discussion
- 14:35 Case Presentation
Dmitriy Gaponov (Russia)
- 14:42 Moderated Discussion
- 14:45 Case Presentation
Mikhail Cherniavskiy (Russia)
- 14:52 Moderated Discussion

14:55 Case Presentation
Roman Polyakov (Russia)

15:02 Moderated Discussion

CORONARY INTERVENTIONS

15:05-16:55 Session V: Treatment of Complex Chronic Coronary Artery Disease in 2021: Guidelines vs. Reality

CRYSTAL HALL

Chairmen: **Gregg Stone, Bagrat Alekryan**

Discussants: **Gary Mintz (USA), Chaim Lotan (Israel), Goran Stankovic (Serbia), Jeffrey Moses (USA), Sergey Semitko, Alexander Aladashvili (Georgia), Boris Shabalkin, Anatoliy Samko, Vladimir Mazaev, Anatoliy Savchenko, Igor Kochanov, Igor Ziryanov, Dmitry Zverev, Bernard Chevalier (France)**

15:05 **Live Case of Complex Coronary Intervention**
(A.N Bakulev National Medical Research Center of Cardiovascular Surgery, Moscow)

15:25 What Are We to Make of the Recent Blockbuster Trials in Coronary Revascularization for Stable CAD: Are They Changing the Practice?
Gregg Stone (USA)

15:37 Moderated Discussion

15:40 What is New in the 2019 ESC Guidelines for the Diagnosis and Management of Chronic Coronary Syndromes? – Impact on Everyday Practice
Bernard Chevalier (France)

15:52 Moderated Discussion

15:55 Intracoronary Imaging of Complicated CA Lesions
Gary Mintz (USA)

16:07 Moderated Discussion

16:10 Determining Fractional Flow Reserve in Multivascular CA Lesions
Batla Fallah (Israel)

- 16:22 Moderated Discussion
- 16:25 Case Presentation
Igor Kochanov (Russia)
- 16:32 Moderated Discussion
- 16:35 Case Presentation
Igor Ziryanov (Russia)
- 16:42 Moderated Discussion
- 16:45 Case Presentation
Dmitry Zverev (Russia)
- 16:52 Moderated Discussion

16:55-18:25 PLENARY SESSION

CIS MEMBER-STATES AND THE REPUBLIC OF GEORGIA AS THE HONORED TCT RUSSIA GUEST

CRYSTAL HALL

Chairmen: **Gregg Stone, Bagrat Alekyan**

- 16:55 **CURRENT STATE OF ENDOVASCULAR RADIOLOGIC SURGERY:**
The Republic of Belarus
Valery Stelmashok, D.M.
- 17:02 Moderated Discussion
- 17:05 The Republic of Kazakhstan
Orazbek Sakhov, PhD
- 17:12 Moderated Discussion
- 17:15 The Republic of Uzbekistan
prof. Mirjamal Zufarov

17:22	Moderated Discussion
17:25	The Republic of Armenia Mikael Adamyán
17:32	Moderated Discussion
17:35	The Republic of Georgia prof. Alexander Aladashvili
17:42	Moderated Discussion
17:45	The Republic of Tadjikistan Alisher Baratov, PhD
17:52	Moderated Discussion
17:55	The Republic of Turkmenistan Murad Seyitmuhammedov
18:02	Moderated Discussion
18:05	The Republic of Kyrgyzstan prof. Murat Dadabayev
18:12	Discussion
18:15	Closing Remarks Gregg Stone (USA)
18:25	CONGRESS OPENING CRF Salutes TCT RUSSIA 2021 Gregg Stone (USA), Juan Granada (USA), Gary Mintz (USA) TCT RUSSIA 2021 Bagrat Alekyan (Russia), Sergey Abugov (Russia), Alexey Protopopov (Russia)
18:40	Endovascular Surgery in Russia -2020 Bagrat Alekyan (Russia)
